

***“Woof! Amazingly Fast and Complete!”***

**Woof!™** is the world’s first and only on-demand delivery and dispensing system for water based selective oxidizer system for use in the safe and hygienic remediation of animal living spaces to include boarding, kennels, enclosures and cages. Woof! is a premium deodorizer which removes the world’s toughest odor causing compounds. It becomes active once generated requiring critical care to ensure it is made to exact standards. **Woof!™** creates fresh material for each application. Use any Woof! approved dispenser to quickly remediate large areas, surfaces, tables and floors with the safest and most effective product ever available.

Woof! is as easy as to use and each component is clearly marked to simplify user adoption. Safety is assured and controlled as the **Woof!™ System** is engineered to dispense a solution concentration specific for use in and around animal dwellings and common areas.

**Woof!™** adheres to Green Chemistry principles and all its components are recyclable or reusable. **Woof!™** is the smart product to choose for all kennel environmental needs.

**Part A passes through Part B which  
creates Part C**
